

Benjamin's Descendants

{Benjamin's genealogy shown below is a compilation of lineages found in four different scriptures. In Genesis 46:21, it appears some that are listed are grandsons. Numbers 26:38-41 lists the clans, some also appearing as grandsons. Chronicles 7:6-12, seems to be a more complete list of the descendants of Benjamin, though it conflicts with the seemingly also complete list of Chronicles 8. The two genealogies in Chronicles are of primary consideration in making the genealogy table below.}
